

# Spread the Music throughout your home

Extend the performance of your Lifestyle® system to another large room with cube speaker arrays, Acoustimass® module and SA-3 stereo amplifier. Versatile auxiliary input also gives you Bose sound from a TV or other audio source in the same room.

Our Acoustimass® 5 speaker system/SA-3 Amplifier Package with select Lifestyle® systems allows kids to watch their movie in the main room while you enjoy your kind of music in your den— at the same time—from the same system. It's easy to enjoy Bose quality performance where you want with Bose link.

Our best stereo Acoustimass speaker system uses Direct/Reflecting® cube speaker arrays and a hideaway Acoustimass module to deliver dramatic, spacious sound more like that of a live performance. Mount the small cube speaker arrays on your walls, or display them on attractive stands with our line of accessories.

Control your entertainment options, including your Lifestyle® system, from your second room with the Personal™ Music Centre II that comes with the package. Get complete, interactive control of your Lifestyle® 48 or 38 media centre, access digitally stored CDs in uMusic™ system.

Optionally, one can choose to expand the Lifestyle® System to the second room wirelessly with the new Bose Link AL8 homewide wireless audio link.

## Key Features:

### Acoustimass® 5 Series III Speaker System

- Direct/Reflecting® speaker technology that blends direct and reflected sound to recreate much of live concert's natural spaciousness.
- Acoustimass® Module that works in concert with the small speakers to deliver the full range of sound

### Lifestyle® SA-3 stereo amplifier

- Allows for Bose link connectivity
- Bose patented signal processing circuitry: Automatically adjusts tonal balance at different volume levels.
- Thermal compression circuitry: Provides automatic protection for the amplifier electronics.

### Personal™ Music Centre II

- Provides complete, interactive control of your Lifestyle® 48 or 38 media centre, as well as most commonly attached components: TV, VCR, and more.
- Allows you to access digitally stored CDs in uMusic™ system.
- Slim and elegant design, with a backlit LCD screen.

### 20' Bose link A extension/expansion cable

50' cable extends the distance between a Lifestyle® system media centre and SA-3 amplifier.

- Extends the original audio input cable connection.
- Provides greater flexibility in expanding a Lifestyle® system to an additional listening area.

## Optional Accessories

### Bose link AL8 homewide wireless audio link

No room-to-room wiring required. Enjoy quality sound from up to 80' away.

- The transmitter supports up to seven additional AR1 receivers (purchased separately) for wireless sound throughout the home.
- Radio frequency operation transmits two independent audio streams from your Lifestyle® system to other rooms.
