

Spread the Music throughout your home

Bring music to life in a second room with spacious sound and Lifestyle® system performance. SA-3 stereo amplifier also connects another audio source. Bookshelf speakers permit placement versatility.

The Bose 301® Direct/Reflecting® Speakers/SA-3 Amplifier Package lets you expand your entertainment options. With the Bose link A 20' cable take your music to the next room. Get complete, interactive control of your Lifestyle® 48 or 38 media centre, as well as most commonly attached components: TV, VCR, and more with the Personal™ Music Centre II remote. Access digitally stored CDs in uMusic™ system.

With select Lifestyle® systems and the SA-3 amplifier the kids can watch movies in the main room while you enjoy the excitement of your favorite sport in the den. At the same time, from the same system.

Our 301® bookshelf speakers create a listening environment much like a live performance, thanks to Direct/Reflecting® speaker technology. These small speakers fill good-sized rooms with sound, yet fit comfortably in most entertainment centres or bookshelves. And with Stereo Everywhere® speaker performance, you can enjoy balanced stereo sound almost anywhere in the room.

Optionally, one can choose to expand the Lifestyle® system to the second room wirelessly with the new Bose Link AL8 homewide wireless audio link.

Key Features

301® Direct Reflecting® Speakers

- Direct/Reflecting® speaker technology that blends direct and reflected sound to recreate much of live concert's natural spaciousness. Experience stereo sound almost anywhere in the room, not just in one small "sweet spot."

Lifestyle® SA-3 stereo amplifier

- Allows for Bose link connectivity.
- Bose patented signal processing circuitry: Automatically adjusts tonal balance at different volume levels.
- Thermal compression circuitry: Provides automatic protection for the amplifier electronics.

Personal™ Music Centre II

- Provides complete, interactive control of your Lifestyle® 48 or 38 media centre, as well as most commonly attached components: TV, VCR, and more.
- Allows you to access digitally stored CDs in uMusic™ system.
- Slim and elegant design, with a backlit LCD screen.

20' Bose link A extension/expansion cable

20' cable extends the distance between a Lifestyle® system media centre and SA-3 amplifier. Bose link compatible to bring Lifestyle® system performance to an additional listening area.

- Extends the original audio input cable connection.
- Provides greater flexibility in expanding a Lifestyle® system to an additional listening area.

Optional Accessories

Bose link AL8 homewide wireless audio link

No room-to-room wiring required. Enjoy quality sound from up to 80' away.

- The transmitter supports up to seven additional AR1 receivers (purchased separately) for wireless sound throughout the home.
- Radio frequency operation transmits two independent audio streams from your Lifestyle® system to other rooms.
