

Spread the Music throughout your home

Enjoy the features of your Lifestyle® system in a second, smaller room. Unwind to a sonata in the bedroom. At the same time, with select Lifestyle® systems and the SA-2 amplifier, other family members can

watch a movie downstairs. It's simple to listen where and when you want, to with Bose link and our 201® Direct/Reflecting® Speakers/SA-2 Amplifier Package.

Bose 201 bookshelf speakers use Direct/Reflecting® speaker technology to create a listening environment composed of both direct and reflected sound, much like a live performance. You'll enjoy realistic listening throughout your room with Stereo Everywhere® speaker performance. These trim and stylish speakers are ideal for smaller spaces like dens, offices or bedrooms, and easily fit most entertainment centers and bookshelves.

You can control your Lifestyle® system remotely, even as you relax in the second listening area. The Personal™ Music Centre II that comes as a part of this package, provides complete, interactive control of your Lifestyle® 48 or 38 media centre, as well as most commonly attached components: TV, VCR, and more. Also accesses digitally stored CDs in uMusic™ system. Slim and elegant design, with a backlit LCD screen.

Optionally one can choose to expand the Lifestyle® system to the second room wirelessly with the new Bose Link AL8 homewide wireless audio link.

Features

201® Direct /Reflecting Speakers

- Direct/Reflecting® speaker technology blends direct and reflected sound to recreate much of live concert's natural spaciousness. Experience stereo sound almost anywhere in the room, not just in one small "sweet spot."

Lifestyle® SA-2 Stereo Amplifier

- Allows for Bose link connectivity
- Bose patented signal processing circuitry: Automatically adjusts tonal balance at different volume levels.
- Thermal compression circuitry: Provides automatic protection for the amplifier electronics.

Personal™ Music Centre II

- Provides complete, interactive control of your Lifestyle® 48 or 38 media centre, as well as most commonly attached components: TV, VCR, and more.
- Allows you to access digitally stored CDs in uMusic™ system.
- Slim and elegant design, with a backlit LCD screen.

20' Bose link A extension/expansion cable

20' cable extends the distance between a Lifestyle® system media centre and SA-2amplifier.

- Extends the original audio input cable connection
- Provides greater flexibility in expanding a Lifestyle® system to an additional listening area.

Optional Accessories

Bose link AL8 homewide wireless audio link

No room-to-room wiring required. Enjoy quality sound from up to 80' away.

- The transmitter supports up to seven additional AR1 receivers (purchased separately) for wireless sound throughout the home.
- Radio frequency operation transmits two independent audio streams from your Lifestyle® system to other rooms.
