

# Spread the Music throughout your home

Experience balanced stereo sound outdoors with these premium speakers, even as you move across large areas. And the performance of your Lifestyle® system moves outdoors too with an easily concealed SA-3 stereo amplifier.

Revel in award-winning sound outdoors with our 251™ environmental speakers/SA-3 amplifier package. Simply by extending the benefits of your Lifestyle® system to the balcony, porch or pool, you can have beautiful music year-round—no matter the weather. Choose, for example, some R&B for outdoor listening while, with the SA-3 amplifier and select Lifestyle® systems and, while others enjoy a movie indoors. The 20' Bose link A cable makes this versatility possible.

Hear the many nuances in your music you may have otherwise missed. And easily control your Lifestyle® system with the Personal™ Music Centre II that comes as a part of this package. The Personal™ Music Centre provides complete, interactive control of your Lifestyle® 48 or 38 media centre, as well as most commonly attached components: TV, VCR, and more. Also accesses digitally stored CDs in uMusic™ system. Slim and elegant design, with a backlit LCD screen.

Our 251™ speakers feature two precisely angled drivers in each enclosure for consistent stereo effects as you move around outdoors. This Articulated Array™ speaker design leads to a much wider sound field than most conventional speakers. You'll appreciate the passion of music and the vocal range of your favorite artists from speakers that are guaranteed to stand up to nature's most trying conditions for five years. Complete with brackets, our best wall-mounted outdoor speakers are also streamlined to complement your home

Better sound through research™

## Key Features

### 251™ Environmental Speakers

- *Articulated Array*™ speaker design reproduces crisp stereo sound over a large listening area.
- Patented multi-chamber enclosure provides deep, rich lower notes without audible distortion. Durable construction withstands year-round weather extremes.

### Lifestyle® SA-3 Stereo Amplifier

- Allows for Bose link connectivity.
- Bose patented signal processing circuitry: Automatically adjusts tonal balance at different volume levels.
- Thermal compression circuitry: Provides automatic protection for the amplifier electronics.

### Personal™ Music Centre II

- Provides complete, interactive control of your Lifestyle® 48 or 38 media centre, as well as most commonly attached components: TV, VCR, and more.
- Allows access to digitally stored CDs in uMusic™ system.
- Slim and elegant design, with a backlit LCD screen.

### 20' Bose link A extension/expansion cable

- Connects an SA-2 or SA-3 amplifier to a Lifestyle® system media centre.
- Extends the original audio input cable connection.
- Provides greater flexibility in expanding a Lifestyle® system to an additional listening area.
